

Preportioned Chemical Packets

Neutral Floor Cleaner

A pH neutral daily cleaner that's tough on soils but gentle on floors and finishes. It works great on virtually any hard surface flooring, like vinyl, stone, polished concrete, marble, rubber, epoxy, granite, ceramic and more. It's ideal for use with AutoVac systems but can also be applied using an automatic scrubber or a mopping system.

KaiPow™ Degreaser

A general purpose degreaser that rapidly penetrates oils, greases, fats, and soils. KaiPow™ is perfect for food service, food processing and industrial applications where stubborn, greasy soils are prevalent.

KaiBlooey™ Restroom Cleaner

A low-foaming restroom cleaner that contains a blend of fast-acting mild acids to de-scale mineral deposits and remove soap scum. This environmentally friendly formulation is perfect for sinks, toilets, urinals and showers.

KaiBosh™ Hospital-use Disinfectant Cleaner*

An EPA-registered concentrated no-rinse hospital-use disinfectant cleaner that protects against a wide variety of bacteria and viruses, including Coronavirus (COVID-19), HIV-1 (AIDS virus), Norovirus, Hepatitis B & C and more. It disinfects and cleans in one labor saving step.

Engineered for Wet Vacuums

Kaivac's low foaming chemicals are formulated for use with wet vacuum systems. Common detergents or mop soaps cause extreme foaming much like pouring standard dish soap into an automatic dish washer. This not only fills the vacuum tank with useless suds causing premature shut-off, it can damage the vacuum motor.

*KaiBosh is not intended for residential, daycare or preschool use.

Not for use in Kaivac No-Touch Cleaning® systems.

Please visit www.kaivac.com for product Safety Data Sheets (SDS) and additional information.

DETAILS

- Available in 8 oz. preportioned packets
- Available in convenient 30-pack cases for easy inventory management, transport and shipping.
- All products are also available in 1-gallon bottles.

HIGHLIGHTS

- Eliminates the need for costly, failure-prone dispensing systems.
- Improves accuracy and eliminates guesswork.
- Improves inventory control and accountability. Managers always know how much cleaning chemical is being used.
- Improves productivity by reducing trips to the janitor's closet or dilution station.
- Precise portion and inventory control means better control of cleaning processes and results.
- Works with Kaivac's systems, mopping systems and many automated floor scrubbers.

LIFETIME WARRANTY

Exclusive use of Kaivac's specially formulated low-foaming sustainable cleaning chemicals increases the effectiveness and life span of our machines, so we offer a lifetime warranty on our Vacuum Motor!

Don't just clean it. Kaivac it.™
