

All Floors. One Machine.

KAIVAC® ALL FLOOR™ SYSTEM

KAIVAC®

KAIVAC® ALL FLOOR™ CLEANING SYSTEM

CLEAN ALL FLOORS WITH ONE MACHINE

Designed to deep clean high volumes of both hard surface flooring and carpeting on a single platform, the **Kaivac All Floor cleaning system** can easily switch between modes for the best of both worlds. The All Floor eliminates the need for multiple single-purpose floor cleaning machines by combining the capabilities into a single system.

The push-behind system is as easy as walking. With two modes, the user can easily and seamlessly transition from hard surface flooring to carpeting. In carpet mode, the trailing squeegee head acts as a beater bar by agitating the carpet and then simultaneously lifting all the dust and debris. The vacuum hose draws water from the trolley to mix and capture dust into a slurry before being filtered in the recovery tank. In hard surface mode, the system uses the same technology as the AutoVac Stretch™, cleaning large areas of flooring in a single pass.

about the All Floor
cleaning system

FEATURES + BENEFITS

- + Cleans 25,000+ sq ft. per hour on both carpet and hard flooring.
- + Uses up to 75% less water, reducing chemical usage by 66% or more.
- + Combines the functions of an auto scrubber, wet/dry vacuum, backpack vacuum, upright vacuum, and sweeper in one unit.
- + Patented Aquatic Air Scrubber filtration system integrates water as a filter, capturing and containing fine dust particles while providing consistent, high-volume vacuum lift.
- + Lithium-ion batteries enable 1-2 hours of continuous runtime with an enormous cordless cleaning range.
- + Includes a breakaway wand, 15-foot hose, and versatile accessories for high and low surfaces.
- + Empowers your workforce by utilizing a single, multi-functional piece of equipment and allowing them to become experts.
- + Easy to learn and use with the KaiNect™ app, which offers training and maintenance videos, fleet management, usage data, and more.
- + Extremely low cost of ownership, and easy to maintain and repair in-house; no service call or technician required.
- + Ideal for facilities with a mix of flooring types, such as: hotels and resorts, retail, convention centers, casinos, office buildings, churches, and education facilities

KAIVAC ALL FLOOR CLEANING SYSTEM

SCUFF REMOVER

Quickly and easily remove scuffs from floors.

SUPPLY BAG

Convenient supply bag offers storage for tools, spray bottles, restocking supplies, and more.

SINGLE OR DUAL LITHIUM-ION BATTERIES

Enable one to two hours of continuous runtime with enormous cordless cleaning range.

10-GALLON TROLLEY BUCKET WITH CONVENIENT THUMB THROTTLE

Trolley bucket holds 10 gallons of clean and fresh solution. Elongated spigot handle with thumb throttle allows users to control the spigot flow at their fingertips.

28" DROP-DOWN SQUEEGEE HEAD

Efficiently removes soils and solution, leaving floors clean and dry.

MICROFIBER PAD AND FRAME

For evenly spreading cleaning solution.

POWERED BY

LITHIUM-ION BATTERY

Allows free and quick movement at any time of the day throughout the facility.

CARPET AND UPHOLSTERY EXTRACTOR

Extract liquids from carpets, matting, and upholstery.

VACUUM WAND WITH ATTACHMENT OPTIONS

Lightweight vacuum wand with multiple attachment options and 15-foot hose allows for breakaway cleaning applications.

INDUSTRIAL-STRENGTH VACUUM MOTOR

Enables powerful vacuum lift that never loses suction.

10-GALLON VACUUM TANK WITH EASY-FLUSHING DUMP HOSE

Vacuum tank holds 10 gallons of recovered cleaning solution. Dump hose allows quick and ergonomic draining of vacuum tank contents.

NO-DRIP STORAGE TRAY

Convenient location to store optional vacuum wand or speed spreader.

TRANSFER SPIGOT (NOT SHOWN)

Transfers filtered cleaning solution from the vacuum/solution tank into the trolley bucket for reuse.

MIXING TUBE (NOT SHOWN)

Integrates water as a filter utilizing Aquatic Air Scrubber technology.

Protected by multiple US patents.
Multiple patents pending.
